

AMERICANISM MUST LIVE!

VOTE TO PRESERVE YOUR LIBERTY AND THE AMERICAN FORM OF GOVERNMENT

What Are the Issues?

THE THIRD TERM

Violating all principles of freedom, and a sacred American tradition of 150 years standing, the President forced his own nomination for a third term at the Chicago Convention with the aid of bosses Kelly, Nash, Hague, Flynn & Co., and gave as an excuse "I was drafted." Are we Americans that gullible? Are we to follow the Kelly's, the Nash's, the Ickes's, the Hagues's, the Concorans's, and Cotten's, and their fellow travelers, of the ideals and principles of Washington, Jefferson, Lincoln, and other Americans. Let us say together, "There is no indispensable man. There shall be no third term!"

THE FOREIGN POLICY

The United States is unprepared for combat of any type. We are woefully weak in defense materials, munitions factories, armories, powder reserves, guns, tanks, and even the simplest war materials. Must we continue to take a belligerent attitude toward foreign powers? Will we continue to provoke and invite war? Let's get our house in order. Let's prepare for the DEFENSE of our great nation. It hasn't been done under the New Deal. If our boys must fight, they must be prepared.

GOVERNMENTAL SPENDING

We have witnessed during the past eight years the wildest, spending orgy in the history of the world. Billions of dollars have been aimlessly spent on worthless projects that have eventually been abandoned. Relief has been mismanaged, the farm program has been mismanaged—the GOVERNMENT has been mismanaged. This mismanagement has left 3 million unemployed—the farmer on a dole with his problem unsolved—the relief rolls in the hands of a high salaried bureaucrats, and America led to the threshold of a world conflict hopelessly unprepared with a 45 billion dollar national debt. HAVEN'T YOU HAD ENOUGH?

THE FIFTH COLUMN

The New Deal has fostered and coddled communists and agents of foreign governments. Thousands of jobholders in Washington today are evoked communists and Nazis. Some of them in high government place and favor. Martin Dies (a good Democrat) says there are 5,000 potential saboteurs in Detroit alone. The shipping industry in San Francisco has been ruined by one man—a alien and a communist, pumped and protected by Madam Perkins, Secretary of Labor, and the New Deal. Is this your America? Are you willing to stand for it any longer!

THINK! CITIZENS

WENDELL WILLKIE SAYS:

- The purpose of government is to make men free. UNEMPLOYED MEN ARE NOT FREE.
- Farming, business, and industry have made this country great. We do not want relief, WE WANT JOBS.
- I believe that the Federal Government has a responsibility to equalize the lot of the farmer with that of the manufacturer.
- I stand for the restoration of full production and reemployment by private enterprise in America.
- It is from weakness that people reach for dictators and concentrated government power. ONLY THE STRONG CAN BE FREE—AND ONLY THE PROUD CAN BE STRONG.
- The great days of America are by no means gone. We have only touched the border of achievement.
- This year's campaign, therefore, is not merely to determine what system of government we shall have. It is to determine whether or not the system of free enterprise under a democracy shall be preserved.
